Tour Time: 2:15 hours

M.S. Dixie II Celebrates 30 Years on the Water

Celebrating three decades on Lake Tahoe, the M.S. Dixie II (M.S. stands for Motor Ship) is a custom-built paddle-wheeler launched in 1994 to continue a legacy of unforgettable cruises. With three decks, a length of 151 feet, and a capacity of over 500 passengers, it's the largest and most iconic vessel on the lake.

The story began with the original M.S. Dixie, brought to Tahoe in 1948 after serving on the Mississippi River. As a cruise ship starting in 1972, it became a beloved symbol of the lake, operating daily trips until its retirement in 1993. Despite a dramatic sinking and restoration, the original Dixie gracefully made way for the M.S. Dixie II.

Built in Wisconsin and assembled at Zephyr Cove, the M.S. Dixie II debuted in spring 1994. Today, it's an award-winning vessel offering stunning views and unforgettable experiences on Lake Tahoe's pristine waters.

Voted "Best Cruise in Nevada," the 2.25-hour Daytime Scenic Cruise aboard the M.S. Dixie II offers stunning views, fresh air, and photo-worthy moments. Glide to Emerald Bay, marvel at Vikingsholm Castle, and learn Tahoe's history through a narrated tour.

SPECIAL NOTE FOR THIS TOUR

The Meet is organizing Group Discounts on the M.S. Dixie and other Tahoe boats. Cruises are generally 2-3 hours in length and are offered in the morning, early and late afternoon and sunset. Some cruises include wine tasting and snacks.

Information will be forthcoming as we get closer to the event.
